WILSON MAY LOSE ON CHILD LABOR

Democrats Will Caucus as to Whether Measure Will Be Brought Up or Not.

WASHINGTON, July 20.—President Wilson's request that the child labor bill be passed by the senate before adjournment of congress will be submitted to a caucus of senate Democrats to be held probably next Tuesday night.

The Democratic steering committee held a short session today to consider the request, but decided it was powerless to change the legislative program agreed upon by the Democratic caucus last week.

BEVERIDGE STRONG FOR CHAS. HUGHES

Announces After Dining With Candidate That He Would Take Stump If Needed.

NEW YORK, July 20.—Former Senator Albert B. Beveridge of Indiana, after dining tonight with Charles E. Hughes, Republican nominee for president, issued a statement declaring he not only would support Mr. Hughes but that he would take the stump in his interest. The Progressive party which he helped to organize, former Senator Beveridge said, no longer exists and therefore Progressives either must refrain from voting or support the candidate of some other party.

GOVERNMENT LOSES IN ELECTION MOVE

Premier Asquith Withdraws Motion to
Hold Affair After Parliament
Adjourns.

LONDON, July 20.—(6:53 p. m.)—The question of whether a general election should be held when the present parliament expires in November led to the government receiving a rebuff in the house of commons today.

Herbert L. Samuel, secretary of state for home affairs, on behalf of the government submitted to the house a motion in favor of the appointment of a committee to consider the advisability of preparing a new electoral register including the adequate representation of those engaged in the war and war work and to take other measures necessary to the holding of a general election during the war.

The motion was warmly opposed by all sections of the house as being merely a move to shelve the issue, whereupon Premier Asquith announced the government would withdraw the motion.

The attitude of the house as displayed in this instance is partly the effect of a feeling of revolt against the multiplicity of committees appointed since the beginning of the war with the mere object, in the belief of many members, of shelving awkward subjects. The number of committees appointed to look after matters arising out of the war has now reached a total of one hundred.

FIND GEMS STOLEN FROM JEWELRY CO.

Members of Police Department Discover Stuff in
Rooming House.

Members of the police department yesterday afternoon reported to Chief Lucas that they had succeeded in locating in a rooming house in this city several pieces of jewelry which are thought to have been part of the property stolen from the La Pearl jewelry store on South Main several nights ago.

On the night of the alleged robbery the owner of the place had closed his shop for a few moments and had stepped up the street. On returning he summoned the police officers to investigate the disappearance of a tray of jewelry which he estimated was valued at \$2,000.

An investigation by the police department, according to officers, developed the fact that the "job" might have been an inside act. The developments of yesterday, however, when several watches and a couple of rings were traced to an up-town hotel, would lead the officers at work on the case to believe that there was more to the robbery than at first indicated. No arrest had been made in the case up to a late hour last night.

INVITE 3,000 TO HUGHES PARTY

James B. Reynolds, Secretary of Republican Committee, Plans for
Notification.

NEW YORK, July 20.—Three thousand invitations to attend the meeting at Carnegie hall here on July 31 to give Charles E. Hughes formal notification of his nomination are being sent out by James B. Reynolds, secretary of the Republican national committee. It was said today that 1200 seats will be turned over to George W. Perkins for distribution among prominent Progressives.

Fire at Sapulpa.

SAPULPA, Okla., July 19.—Fire originating from a trash pile ignited a storehouse in the rear of the St. James hotel at 11:10 p. m. and before the fire department could arrive and subdue the blaze a \$100 damage had been done. The loss was fully covered by insurance.

ARMS ARE RUSHED TO SAND SPRINGS

Impetus Given Rumors
That Another Smelter
Battle Brews.

DELIVERED IN AUTO

Ex-Police Official Has to
Draw Revolver to Pass
Pickets.

Impetus was given the rumors yesterday that another pitched battle was brewing at Sand Springs as a result of the labor troubles there, when a consignment of arms and ammunition was rushed to the smelters in that city, through a picket of American smelter workers.

Word received in this city was to the effect that a supply of arms and ammunition had been purchased by representatives of the smelters in this city, and had been placed in the custody of an ex-police official, who tried to deliver them to the smelters in an automobile.

According to the story the ex-official told after delivering the rifles and ammunition, he had almost arrived at his destination when four American smelter workers jumped before his car and demanded to know what he had in the packages in the car he was driving.

It was not until he had drawn his revolver and threatened to shoot that he was permitted to drive on, delivering the firearms as he had been instructed to do.

During the day yesterday several of the Spaniards went to Sand Springs, secured their salaries and soon returned to Tulsa, where they announced their intentions of leaving for other cities where they could secure work in smelters.

It also was rumored in Sand Springs yesterday that trouble similar to that of Saturday night was threatening in Collinsville and that several of the Spaniards who had been deported from Sand Springs under guard had been sent out of that city.

New Orleans.

NEW ORLEANS, La., July 19.—Twenty-eight persons, 15 men, including two physicians, and 12 women—were taken into custody during raids on alleged drug dens here today which were conducted by federal authorities, assisted by local police. The two physicians, Dr. W. H. Hines and Dr. R. H. Chilton, with two men and a woman, were arraigned before United States Commissioner Browne and charged with illegal traffic in drugs under the Harrison act. Each pleaded not guilty and was held in \$5,000 bonds. Bonds were made by the physicians.

Frank J. Beers Arrested on Information
Filed by Former Employer. In Jail.

Frank J. Beers, until recently a clerk in the offices of the Roxana Petroleum company, was arrested yesterday following the issuing of an information charging him with embezzlement. Arraigned before Justice Lee Daniel, he pleaded not guilty to the charge and his preliminary trial was set for tomorrow. He is in the county jail in default of \$1,000 bond.

It is alleged that Beers stole a blueprint geological map from the offices of the Roxana company on or about May 15. Deputy Sheriff Jack Miller took the young man into custody.

Conditions along the border remained quiet, according to reports to General Funston.

MYSTERY ENTERS BOSTON SHOOTING

Why Did Dr. E. D. Atwood Wound
Dr. W. E. Harris After Fiancee
Died of Poison?

BOSTON, July 20.—A new element of mystery in connection with the investigation of the shooting yesterday of Dr. Wilfred E. Harris, president of the Massachusetts College of Osteopathy, by Dr. Eldridge D. Atwood, one of his former students, developed tonight as a result of the autopsy on the body of Dr. Atwood's fiancée, Dr. Celia Paine Adams, who died of poisoning a short time before the attack on Harris.

Dr. Atwood declared he shot Dr. Harris because Miss Adams had told him Doctor Harris had wronged her. In a formal statement tonight the medical examiner, George B. McGrath, who examined the body today, announced merely that Miss Adams "came to her death from the effects of a poison received by mouth, the nature of which is at present undetermined."

The police bulletin issued last night declared the young woman died from a narcotic poison, self-administered, and it was believed had ended her life in a fit of despondency after the supposed interview with Doctor Atwood, in which the latter, according to his story to the police, learned of her alleged relations with Doctor Harris.

Both Doctor Harris and Dr. Paine Adams, father of Doctor Adams, have denied the charge of Doctor Atwood regarding the motive for the shooting.

"I believe that the real reason was that Atwood thought Doctor Harris was interfering with his plans for marriage with my daughter," declared the father.

ANOTHER FANATIC TROUBLES POLICE

Second Chicago Negro Thinks He Is
Sent to Reform Race; Lands
in Jail.

CHICAGO, July 20.—Another negro, who, like Henry J. McIntyre, the insane slayer of four persons here yesterday, worried about the sins of the colored race, occupied the attention of the police today, although he was not violent.

He was George Flower, a laborer, who, in scant attire and his body "anointed" with lard, was racing up and down in front of his home trying to "drive the devil from the race," when a policeman arrested him.

Detectives were at work in the negro section in which McIntyre lived today to ascertain homes where weapons are kept.

"I would like to go through every house, but the law won't let me," said Chief Healy. "The best I can do is to apply for search warrants for houses where the presence of weapons is suspected."

BLACK LIST RISES BEFORE U. S. NOW

America Waiting to See If England
Will Make Some Sort of
Explanation.

WASHINGTON, July 20.—Action on Great Britain's blacklist of nearly one hundred firms doing business in the United States under the terms of the trading with enemy act, is being delayed by the state department with the expectation that Ambassador Page at London will send some sort of a report.

If a report does not arrive soon the department will start an inquiry. At the state department today there were some intimations that Great Britain's latest action might be construed as unfriendly. Heretofore representations on behalf of American firms placed on a blacklist have resulted in the removal of their names.

TAKE NO ACTION ON EXTRA PATROL

City Commissioners May Accept Sheriff's
Proposition at Meeting Today.

Although the county commissioners were in session yesterday no action was taken on the proposal of Sheriff James Woolley to give him two additional deputies to patrol the residence and outlying districts of the city from sundown each night until morning. It was said, however, that the matter will probably be taken up today.

"I am sure that all of the commissioners will favor the proposal," said County Clerk Lewis Cline yesterday. "But we are not sure that we have the power to go ahead and grant permission to employ more deputies."

Contract for the erection of a house and barn at the county home was awarded yesterday to the firm of Fletcher & Bradley for \$2,751.33. The house will be occupied by the caretakers. Work on putting up both buildings is to be started at once.

CONVICT SLAYER AT BAY IN WOODS

Man Who Shot and Killed Sheriff
After Escape Is Surrounded
Near Eunice, La.

OPELOUSAS, La., July 20.—Helaine Carriere, the former convict who last Sunday night shot and killed Marion L. Swords, sheriff of St. Landry parish, while the officer was attempting to arrest him on a murder charge, tonight was said to be surrounded in a woods near Eunice, La., about twenty miles from the scene of the killing. A general summons was sent out to the numerous posses seeking Carriere and it was expected that by morning the searchers would begin to close in on the fugitive.

Carriere's ability to repeatedly throw bloodhounds off his scent was believed to have resulted from his soaking his shoes in turpentine. He procured provisions last night from a relative's cabin after eluding deputies who were guarding a canebrake in which he was hiding.
